### Competencies

Air Ambulance Technology GmbH is the one-stop-shop for taylor-made "quick conversion" EMS, Air Ambulance, Corporate and Mission Interiors for helicopters and fixed wing aircraft. Our competencies cover design, engineering, production, testing, certification, installation and maintenance / repair.

The company is qualified in accordance with EASA Part 21 / Part 145 and is holding a Design Organisation Approval (DOA), a Production Organisation Approval (POA) and a Maintenance Organisation Approval (MOA).

With more than 20 years experience and and more than 300 installations world-wide (Europe, Middle East, Asia, Australia, South America, Africa) we can offer you state-of-the-art products with highest quality and uncompromised handling features complying with all relevant airworthiness requirements. All equipment is delivered with EASA Supplemental Type Certificate (STC).

### Special domains of excellence

- EMS, Air Ambulance Interiors
- VIP and Mission Interiors
- Innovative taylor-made design and production
- Quick conversion system (no structural modification required for installation)
- Broadest range of equipment for helicopter and fixed wing aircraft
