PRESS RELEASE

1st Air Ambulance Equipment for EC 145

AAT has delivered its first EC 145 “quick conversion” air ambulance equipment in Europe to Noordzee Helicopters Vlaanderen.

The equipment is designed according requirements of NHV and successfully in operation.

The equipment can be completely installed / removed in less than 20 minutes and allows NHV to use the EC 145 in different operations. The kit can be interchanged between aircraft without the need of any modification.

Each delivered EMS Kit is certified with an EASA Supplemental Type Certificate (STC) and complies with all relevant airworthiness requirements

Air Ambulance Technology GmbH is the one-stop-shop for tailor-made “Quick Conversion” Air Ambulance, Corporate / VIP and Mission Interiors for helicopters and fixed wing aircraft covering design, engineering, production, testing, certification and also maintenance (EASA Part 21 DOA / POA Approval; EASA Part 145 Maintenance Approval).
