PRESS RELEASE

1st VIP Interior for EC 145

For a European customer AAT has successfully delivered its first ever VIP Interior for an EC 145 helicopter. This milestone comes after recent deliveries for Corporate Interiors also for the same helicopter model.

The Interior features a tailor made VIP Cabinet with Entertainment System, newly developed VIP Leather Seats with adjustable back rests, a customer specified carpet, leather covered fairings and curtains for the windows in the cabin. The whole Kit is certified with an EASA Supplemental Type Certificate (STC) and complies with all relevant airworthiness requirements.

For a couple of years AAT has been active in the Fixed Wing Aircraft Corporate / VIP business which is now extended to helicopters. AAT offers turnkey integrations with a wide variety of colors and surface finishes for leather, carpet and veneer and develops and manufactures cabinets or other accessories on demand.

Air Ambulance Technology GmbH is the one-stop-shop for tailor-made "Quick Conversion" Air Ambulance, Corporate / VIP and Mission Interiors for helicopters and fixed wing aircraft covering design, engineering, production, testing, certification and also maintenance (EASA Part 21 DOA / POA Approval; EASA Part 145 Maintenance Approval).
